

## A complete set of energy storage cabinets

## Overview

---

What is epes233 energy storage cabinet?

EPES233 is a 100kW, 233kWh Outdoor Liquid Cooling Energy Storage Cabinet. It offers flexible expansion, long cycle life, and advanced safety features, including intelligent 24/7 cloud monitoring. Perfect for reliable and scalable energy storage in Europe. Interested in our products?

Let's connect. Send us an email to [epenergy@ep-ep.com](mailto:epenergy@ep-ep.com).

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers

across a range of industries and applications.

## A complete set of energy storage cabinets
