

BESS project financing options in Guernsey 2026

Overview

Who financed statera energy's Bess project?

UK-based energy company Statera Energy has received £300m (\$376.82m) of debt financing from a syndicate led by Lloyds Bank to develop a BESS and flexible generation project in Thurrock, UK. Lloyds Bank was the sole structuring bank in the debt deal, with participation from NatWest, Santander and Siemens Financial Services through Siemens Bank.

How do I secure debt for Bess & hybrid projects?

Securing debt for BESS and hybrid projects requires a "bankable" revenue forecast from lenders preferred consultants. Developers need their own flexible modelling tools to optimise project design and achieve more favourable financing terms.

What is a Bess project?

The 300MW/600 megawatt-hour (MWh) BESS project will be one of the largest in the UK and Europe. The battery energy storage system (BESS) and flexible generation projects are expected to begin operations in late 2026. Credit: Statera Energy.

What is a Bess project financing template?

valuable template for other BESS project financings around the world. A key element of this template is a project management framework that is replicable for other projects, which is in contrast to the traditional approach to energy storage projects, which has had the effect of restricting investment because it requires financie.

Can Bess projects be bundled together?

Independent BESS projects, only supporting renewable energy projects, can be bundled together, and issued as green bonds to potential large investors.

Could a Bess deal be used as a template for future financings?

or supply chain disruption."A 'template' for future financingsKate Shannon, principal associate at Gowling WLG, legal advisor to Pacific Green on the Sheaf development, suggests the deal could be used as a template for future BESS project financings. "Part of the process of lenders getting more comfortable with BESS financing is going to be
