

Cheapest off grid solar storage installation offer in France

Overview

Are solar panels a good investment in France?

As electricity prices continue to soar in France - up 60% in four years - more people are turning towards solar panel kits, which promise to help users save on energy costs and installation prices. The estimated extra cost of electricity in 2024, compared to 2020, is €540 per household per year.

Can you sell solar panels in France?

In France, it is possible to sell the electricity produced by your solar panels to EDF or another energy supplier. The feed-in price depends on the power of your installation and the conditions of the contract. The average lifespan of solar panels is around 25 years.

Can photovoltaic solar panels be installed on a roof in France?

Many individuals in France have already chosen to install photovoltaic solar panels on their roof or in their garden. To succeed in your project, do not hesitate to request several quotes from qualified professionals and compare offers to find the solution best suited to your needs.

How much does a solar installation cost in France?

Shadows can significantly reduce the energy output of your solar panels. The price of a solar installation depends on several factors such as power (expressed in kilowatt-peak, or kwc), the technology chosen and installation costs. On average in France, count between 2500 and 4000 euros excluding tax per kwc for a residential installation.

Does France offer interest-free loans for solar panels?

In some cases, the installation may be prohibited or require specific solutions to minimize visual impact. France offers an interest-free loan (Eco-PTZ) to finance solar panel installation projects. This measure helps homeowners reduce financial burdens without paying interest.

Does France offer subsidies for solar panels?

Many regions in France offer additional subsidies for solar panel installations. These initiatives can significantly lower initial costs. To qualify for government subsidies, it is recommended to hire certified professionals with the RGE (Reconnu Garant de l'Environnement) license.
