

Commercial energy storage tender price in Argentina 2025

Overview

Administered by CAMMESA, the tender offers \$10 per MW for supplied electricity, with storage bids capped at \$15,000 per MW monthly. Contracts will run for up to 15 years from authorization or until January 1, 2027.

Administered by CAMMESA, the tender offers \$10 per MW for supplied electricity, with storage bids capped at \$15,000 per MW monthly. Contracts will run for up to 15 years from authorization or until January 1, 2027.

The AlmaGBA Storage tender, for the metropolitan area of Buenos Aires (AMBA), will pay a fixed \$10/MW of electricity supplied and energy storage capacity bids must have a maximum cost of \$15,000/MW/month. Argentina's Wholesale Electricity Market Administration Company (CAMMESA) has published a.

Argentina's first energy storage tender drew 1.347 GW of bids from 15 companies proposing 27 projects, exceeding the 500 MW target and representing more than \$1 billion in pledged investment. From ESS News The Argentinian government opened the bids this week for its AlmaGBA tender process. The.

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program. Aimed at enhancing grid reliability in the metropolitan area of Buenos Aires (AMBA), this \$500 million initiative marks.

Argentina has awarded 667MW of battery energy storage system (BESS) in its first tender under the AlmaGBA scheme. Nearly half of the volume submitted for the tender (1.3GW) has been awarded by the wholesale market operator CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico Sociedad).

Argentina's Wholesale Electricity Market Administrator (CAMMESA) has published the contract template for the "AlmaGBA Storage" tender, which aims to add up to 500 MW of battery energy storage systems in the Buenos Aires Metropolitan Area (AMBA). The national and international bidding

process.

This week, the Argentinian government opened bids for the AlmaGBA tender, initiated in February 2025 to procure 500 MW of battery energy storage system (BESS) capacity for critical nodes in the Buenos Aires Metropolitan Area (AMBA) grid, enhancing reliability during peak demand. Fifteen companies.
