

Containerized BESS supplier quotation in Argentina 2025

Overview

How much is a battery energy storage system (BESS) project worth?

The Energy Secretariat of Argentina's Ministry of Economy has launched a global tender for 500 MW of battery energy storage system (BESS) projects in the Metropolitan Area of Buenos Aires' (AMBA) critical nodes. The project's estimated value is \$500 million, with an execution period of 12 to 18 months.

Who will sign the energy storage contracts in Buenos Aires?

The energy storage contracts will be signed with leading electricity distributors in Buenos Aires, Edenor, and Edesur, while the Wholesale Electricity Market Administration Company (CAMMESA) will be the guarantor.

What is a containerized Bess system?

At the grid and utility level, containerized BESS deployments supply hundreds of megawatt-hours of capacity, supporting peak shaving, renewable firming, black start capability, and wholesale market participation. These systems are critical for utilities, data centers, and industry.

What does Bess stand for?

The Andhra Pradesh Electricity Regulatory Commission (APERC) has taken a pivotal step toward energy storage leadership with the release of its draft regulation for the Planning, Procurement, Deployment, and Utilisation of Battery Energy Storage Systems (BESS).
