

ESS container cost vs benefit calculation in Mexico

Overview

How does IMSS work in Mexico?

Once that's done, they'll be able to access the services they need at IMSS facilities. The contribution amounts for employees and employers vary based on the Mexican state. By law, employees in Mexico are entitled to 12 days of annual PTO. To enjoy this benefit, the employee must have worked for the same employer for a total of 1 year.

Why do employers offer supplementary benefits in Mexico?

Beyond the statutory requirements, many employers in Mexico offer supplementary benefits to enhance their compensation packages, attract top talent, and improve employee retention and morale. These optional benefits are often highly valued by employees and can differentiate a company in the job market.

How are social security contributions calculated in Mexico?

The contributions are based on salary levels. However, workers do not make contributions if they earn the monthly minimum wage in their geographic area. The maximum salary amount used to calculate social security contributions is 25 times the monthly minimum wage in Mexico City.

How many days a year do employees get paid in Mexico?

For every year an employee has worked at a company, they are entitled to 12 days' salary, per Article 162 of the labor code. Yet another statutory requirement in Mexico is profit sharing. Ten percent of the profit must be shared with the workers. How much of the 10% is an employee entitled to?

.

Do Mexican companies have to pay severance pay?

The Mexican Constitution dictates that all companies must share 10% of their

annual profits with their employees. Companies must distribute profit-sharing payments within 60 days of filing their annual tax return. Under Mexican labor laws, there are no required notice periods for terminating an employee. Instead, severance pay is required.

What is profit-sharing in Mexico?

According to Article 123 of the Mexican Constitution, companies must share 10% of their annual profits with their employees. Also, companies must distribute these profits within 60 days of filing the annual tax return. If you wish to understand profit-sharing in Mexico at a more granular level, you should read our profit-sharing in Mexico article.
