

## ESS container project financing options in Nepal 2030

## Overview

---

Who is the biggest donor of Nepal's climate finance projects?

However, the World Bank (WB) and the Asian Development Bank (ADB) are considered to be the two largest donors of Nepal's climate finance projects (OPM, 2022). The Government of Nepal (GoN) is also a Party to the UNFCCC and has ratified the Paris Agreement (MoFE, 2019).

Could Nepal use available resources for energy & infrastructure projects?

the route of the historic Silk Road. Nepal could use available resources for energy and infrastructure-related projects. Climate Bonds Initiatives: the Climate Bonds Initiative is an international organisation working solely to mobilise the largest capital market of all, the \$100 trillion bond market.

How climate finance is evolving in Nepal?

The climate finance flow mechanism is also evolving in Nepal. Financial mechanisms like UNFCCC and bilateral and regional initiatives make Nepal's climate finance landscape complex to coordinate and difficult to align contributors' interests with national priorities.

Are infrastructure gaps a challenge for Nepal's long-term development goals?

This publication has been issued without formal editing. Infrastructure gaps present a significant challenge for Nepal's short and longer-term development goals. To provide a comprehensive picture of the required investments, the study reviews the period plans, development reports, and updated data from the Ministry of Finance.

How much infrastructure investment does Nepal need?

The estimates show that Nepal needs the infrastructure investment of least 8 to 12 percent of GDP until 2020 to adequately develop its infrastructure. Transport infrastructure sector alone shows that between present investment NRS 44 billion (USD 440 million) against an estimate of NRS 370 billion (USD

3.7 billion) the ratio is eight-fold.

How has the government of Nepal stepped-up capital expenditure in infrastructure?

Source: Author's calculations. In recent years, efforts have been made by the Government of Nepal (GoN) to step-up capital expenditure in infrastructure, which have increased from 2009 to 2016. In particular, sectors like water, communication, transportation and electricity from 2009 to 2016 received greater priorities (table 3).
