

Energy storage exhibition april

Overview

The 14th Energy Storage International Conference and Expo (ESIE 2026), co-organized by the China Energy Storage Alliance, China Energy Research Society, and Institute of Engineering Thermophysics of the Chinese Academy of Sciences, will be held at the Capital International.

The 14th Energy Storage International Conference and Expo (ESIE 2026), co-organized by the China Energy Storage Alliance, China Energy Research Society, and Institute of Engineering Thermophysics of the Chinese Academy of Sciences, will be held at the Capital International.

It is the world's leading energy storage event and professional exhibition platform. It is hailed as the barometer of China's energy storage industry development. ESIE was born alongside the development of China's energy storage industry and serves as a key communication and cooperation platform in.

Developed in 2012 by the nation's leading energy storage industry organization, the China Energy Storage Alliance (CNESA), the 13th Energy Storage International Conference and Expo (ESIE) in 2025 is the largest, most professional, and international energy storage show in China, acclaimed as the.

Renowned for its role in driving the energy industry forward for over four decades, Middle East Energy is uniting the world's foremost energy professionals, innovators, and stakeholders to drive innovation, foster collaboration, and shape the future of energy. Thank you for making Middle East.

EASE is glad to support the 13th Energy Storage International Conference and Expo (ESIE 2025), which will take place from 10 – 12 April 2025, at the Capital International Exhibition & Convention Center. As the largest and most comprehensive venue of its kind in Beijing, the location combines an.

ESIE will invite authoritative experts and energy storage elites from national energy authorities, local governments, grid companies, power generation

groups and owners, as well as universities, international organizations, and investment institutions. This gathering of top energy storage talents.

April 2026 | International trade fair and conference for energy storage industry
The "Energy Storage International Conference and Expo (ESIE)" is a leading trade fair and conference that has been held annually at the Beijing Shougang Exhibition & Convention Center in Beijing since its inception in. Why should you attend energy storage Expo?

From connecting with 150,000+ of your peers to doing business with 600+ exhibitors, It's an exhibition that yields benefits throughout the entire year. Preview the latest energy storage products and solutions, tune in to the latest industry trends and expand global business networks.

Why should you attend the energy storage Conference?

This gathering of top energy storage talents will feature high-level energy storage reports and high-end dialogues, creating a grand academic and exchange event for the energy storage industry. At the same time, there will be a greater emphasis on international layout and promotion.

How can energy storage companies expand globally?

Fully initiating international cooperation to support energy storage companies to expand globally. The expo will invite participation from power companies, power generation groups, grid companies, transmission and distribution operators, grid system operators and integrators, new energy manufacturers and investment institutions.
