What is energy storage Forum?

We are Europe's first conference dedicated solely to energy storage since 2010. All of our Forum's culminate with the unique Building the Action Plan feature. Join us for this session and take back an action list to the workplace.

Why should you attend the energy storage Conference 2025?

On-site Registration Rates Began Thursday, September 18, 2025 Attending this conference will not only keep you informed about the latest trends and developments, but also position you to contribute meaningfully to the advancement of energy storage technologies. Join us to connect, learn, and lead the way in transforming the future of energy:.

What is the battery and energy storage Conference?

September 24, 2025 to September 25, 2025 The Battery and Energy Storage Conference will engage scientists, engineers, and policy makers working in the fields of energy storage and relevant technologies to identify, communicate, and explore current advancements in storage materials, devices, and systems.

Can I apply for financial support to attend the battery and energy storage Conference?

Thanks to the generous support of the AIChE Foundation, student and post-doc attendees have the opportunity to apply for financial support to attend the Battery and Energy Storage Conference! Awardees will receive complimentary registration as needed. Did you know that annual AIChE memberships offer great discounts on conferences and events?

.

Should energy storage be regulated?

The European Association for Storage of Energy (EASE) have also stated that regulations must keep up with advances for the technology to flourish. The benefits of energy storage for both end users and the grid have already reached a tipping point where costs are justified for many business cases – this trend shows no sign of stopping.

Why is energy storage a problem in the EU?

Energy storage suffers from lack of regulatory certainty within the EU. While a number of member states – Germany and the UK especially – have made great strides in adoption levels, lack of consistency is a looming issue.
