

Energy storage journal cover

Overview

What is the Journal of energy storage?

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage developments worldwide.

What is energy storage materials?

Energy Storage Materials is an international multidisciplinary journal for communicating scientific and technological advances in the field of materials and their devices for advanced energy storage and relevant energy conversion (such as in metal-O₂ battery). It publishes comprehensive research. Yitao He, . Xiangming He Xinhui Zeng, . Lin Li.

Does energy storage accept artwork submissions for cover images?

Cover Image Submissions Energy Storage accepts artwork submissions for Cover Images. This is an optional service you can use to help increase article exposure and showcase your research. For more information, including artwork guidelines, pricing, and submission details, please visit the Journal Cover Image page.

Who can I contact if I need More information about energy storage?

Editorial Office Contact Details If you need any further information or help with your submission, please contact: ESTedoffice@wiley.com Energy Storage is a new journal for innovative energy storage research, covering ranging storage methods and their integration with conventional & renewable systems.

Can I post a pre-publication version of a manuscript to energy storage?

Energy Storage will consider for review articles previously available as preprints. You may also post the submitted version of a manuscript to a

preprint server at any time. You are requested to update any pre-publication versions with a link to the final published article. Data Sharing and Data Availability Energy Storage expects data sharing.

Does energy storage offer free format submission?

Free Format Submission Energy Storage now offers Free Format submission for a simplified and streamlined submission process. Before you submit, you will need: Your manuscript: this should be an editable file including text, figures, and tables, or separate files—whichever you prefer.
