

Enterprise ESS system cost breakdown in Vietnam 2026

Overview

How big is the IT services market in Vietnam in 2025?

Learn more The IT Services market in Vietnam is expected to see a significant increase in revenue, reaching US\$2.21bn in 2025. Among the various segments within the market, IT Outsourcing is projected to dominate with a market volume of US\$792.63m in the same year.

How did the external OEM enterprise storage systems market perform in 2024?

The external OEM enterprise storage systems (ESS) market reported annual growth of 3.6% in the fourth quarter of 2024, completing the year at 2.5% annual growth and \$33.5 billion in spending. Despite a recovery cycle after declines in 2023 the spending for the year was just \$100 million shy from the level of spending in 2022.

What are the trends in the IT services market in Vietnam?

Trends in the market: The IT Services market in Vietnam has been experiencing rapid growth in recent years. This can be attributed to the government's efforts to promote the development of the IT industry, as well as the country's young and tech-savvy population.

Will the external ESS market recover in 2025?

IDC expects that the recovery of the external ESS market will be pushed into 2025 as the strong growth in investments into computing infrastructure will start slowing down.

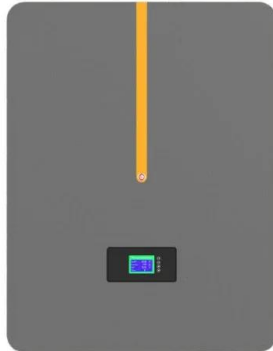

Will Vietnam's IT services market catch up with United States?

Vietnam's IT Services market, although growing rapidly, will still have some way to go in catching up with United States in terms of revenue generation. Vietnam is experiencing a surge in demand for IT services as it becomes an emerging hub for tech outsourcing.

Why is Vietnam becoming a hub for Tech outsourcing?

Vietnam is experiencing a surge in demand for IT services as it becomes an emerging hub for tech outsourcing. The IT Services market encompasses a wide range of services used by organizations to create, manage, and deliver information, and it includes services that provide assistance with various other business functions.
