

Enterprise ESS system project financing options in Peru 2030

Overview

How does Peru invest in infrastructure?

Peru seeks robust investment in infrastructure, utilizing a variety of mechanisms to ensure continuity, including traditional public works, public-private partnerships (PPPs), Works for Taxes (OxI), and government-to-government (G2G) agreements.

Will Peru fill a \$110 billion long-term infrastructure gap?

In 2019, Peru launched its most recent National Infrastructure Plan (PNIC), which seeks to fill a \$110 billion long-term infrastructure gap from 2019 through 2038.

How do PPPs work in Peru?

Peru utilizes PPPs in various projects from construction to operation to maintenance, with the property reverting to government control at the end of the contract. ProInversion, Peru's investment agency, seeks to attract foreign investment, primarily in infrastructure, and lists all available PPP projects on its website.

What is the infrastructure gap in water and wastewater in Peru?

The infrastructure gap in water and wastewater is \$15 billion. Therefore, the Government has developed a strategy to streamline processes and regulations regarding investment, financing, and management. Those wishing to implement projects in Peru face legal and regulatory hurdles, land access issues, and limited government capacity.

How to promote ESS Technology and industrial development promoting guideline in China?

The ESS technology and industrial development promoting guideline in China plans to promote ESS by carrying out demonstration projects and then commercialisation. It encouraged the demonstration projects to be

continuously carried out as long as there are new technological innovations.

What is the difference between the pedn and the 2030 Agenda?

On the other hand, the PEDN guides the formulation and updating of policies and plans at all levels (national, subnational and local). In this way, the 2030 Agenda is proactively integrated into our national planning instruments, policies, strategies and financial frameworks.
