

Expected ROI of mobile ESS unit project in Poland 2025

Overview

Who will supply ESS batteries in Poland?

The contractor on the project will be LG Energy Solution Wrocław. The Polish unit of the Korean battery maker won the project tender offering the price of PLN 1.555 billion (\$384 million). On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027.

Will PGE supply ESS batteries in Poland?

LG Energy Solution announced today that it has signed an agreement with PGE, Poland's largest energy sector company, to supply 981MWh of grid-scale ESS batteries between 2026 and 2027. Both companies will collaborate to establish a battery energy storage facility in Żarnowiec, Poland.

What is EES Europe 2025?

Munich, May 7, 2025 – LG Energy Solution has announced its participation at EES Europe 2025, Europe's largest international exhibition for batteries and energy storage systems (ESS), to be held at Messe München in Munich, Germany, from May 7 to 9.

How many GWh of energy storage capacity will Poland have by 2035?

In a bid to tackle the challenge of the growing electricity production from renewable energy sources, the Polish utility is looking to add more than 10 GWh of energy storage capacity by 2035. Its plans involve more than 80 projects, the value of which is estimated at around PLN 18 billion (\$4.7 billion).

What does ENEX 2025 tell us about energy storage in Poland?

The insights from Enex 2025 reinforce that BESS is no longer an emerging trend—it's a critical part of Poland's energy transition. With favorable market reforms and growing investment interest, the country is well-positioned to

capitalize on energy storage innovations.

What is LG Energy Solution's ESS project?

“This project is one of the largest ESS initiatives led by LG Energy Solution in Europe,” said Hyung Kim, head of the ESS Battery Division at LG Energy Solution. “By launching LFP-based products designed specifically for the European market and leveraging our local production capabilities, we have maximised customer value.”

Expected ROI of mobile ESS unit project in Poland 2025

Poland's Energy Transformation: Major Investments ...

Poland's Energy Transformation: Major Investments and Developments in 2024-2025
 Poland is undergoing a significant energy transition, with massive investments in nuclear power, renewable energy, hydrogen technology, and ...

LG Energy Solution wins 1GWh ESS deal in Poland

PGE, the largest utility in Poland, provides comprehensive power services to over 6 million households, businesses, and public institutions. The ESS project will be built in the northern region of Łódź and aims to ...

Grid-scale ESS agreement with Poland's PGE

By bolstering LG Energy Solution's position in future public tenders for European state-owned energy companies, this project is expected to expand the company's footprint in ...

LG Energy Solution Secures Grid-scale ESS Supply

Agreement ...

Hyung Kim, Head of the ESS Battery Division at LG Energy Solution, stated that the project is one of the largest ESS initiatives in Europe. He highlighted the launch of LFP ...

Real Estate Guide in Poland 2025 , EY

Poland's real estate market presents various opportunities across different sectors: Offices
 New supply in 2025 is expected to reach similar levels as in 2024, while a potential increase in the number and scale of ...

LG Energy Solution to roll out energy storage systems in Poland

The Polish unit of Korean battery major LG Energy Solution will start production of energy storage systems (ESS) at its plant in the western city of Wroclaw by the end of the ...

LG Energy Solution Showcases ESS Leadership at ...

LG Energy Solution has revealed that its manufacturing facility in Wroclaw, Poland, is establishing dedicated ESS production lines that will commence production later this year. This move is expected to give the ...

Assets on the move: Monsson buys second Swedish battery project...

A representative for R.Power told ESS News that "the assets are expected to commence commercial operation between 2027 and 2029, depending on the project," with ...

China's Huadian announces winners in 6 GWh BESS ...

The procurement exercise has attracted 67 battery energy storage companies but only six have emerged as winners. The average bid stood at CNY 0.473/Wh (\$65/kWh).

R.Power advances 2.3 GWh battery storage portfolio in Poland

Each project has also applied for grant support from the National Fund for Environmental Protection and Water Management (NFO?iGW), with funding decisions ...

Polish utility plans to add 10 GWh of energy storage ...

This includes the landmark 262 MW/981 MWh ME ?arnowiec battery project and further facilities in Gryfino, Rybnik, Rogowiec and Kraków. Additionally, the utility is planning 75 distributed energy storage facilities ...

BYD to supply 1.6 GWh of battery storage for Greenvolt in Poland

The contract covers the design and operation of two storage projects, each with a capacity of 200 MW/800 MWh. The facilities will be located in Turo?? Ko?cielna and Nowa ...
