

## Global PV Energy Storage Information - Solar, Battery & Smart Grid Insights

# Experience of attending the energy storage conference

## Overview

---

### What is ESA Energy Storage Conference & Expo?

ESA brings the stakeholders of the energy storage industry together through ESA Energy Storage Conference & Expo, working to provide content to Accelerate markets, Connect its members and Educate stakeholders about the power of energy storage.

### What is the energy storage global conference (ESGC)?

The fifth edition of the Energy Storage Global Conference (ESGC) was held on 11 – 13 October 2022 and gathered over 365 onsite and online participants representing EU and national policymakers, utilities, DSOs, TSOs, suppliers, consultancies, the research community and National Regulatory Authorities.

### When is the energy storage global conference 2025?

The eighth edition of the Energy Storage Global Conference (ESGC) will take place on 14 – 16 October 2025 in Brussels. Latest insights on energy storage policies, markets and technologies and applications. Networking opportunities during the conference, as well as during our dinner events.

### What is hydrogen and energy storage Conference?

Hydrogen and energy storage conference as part of GET is bringing together all professionals in geoscience that are active in the field of hydrogen and energy storage. It is a very inspiring platform to get to know about latest developments and to understand what the most recent trends are.

### Why do we need energy storage solutions?

The increasing shift from fossil-based energy sources to (intermittent) renewable energy sources creates an enormous demand for energy storage solutions.

### Why should electric utilities attend a conference?

Each year, electric utilities leverage conferences and trade shows to collaborate, drive innovation, and address widespread challenges in the electric power industry like increased power grid loads, aging energy infrastructure, and the emergence of new technologies. With a plethora of conferences available, it's tough to know which to prioritize.
