

Ganfeng lithium energy storage equipment manufacturing company

Overview

The energy storage batteries of Ganfeng Lithium Battery are mainly produced by Jiangxi Ganfeng New Energy Technology Co., Ltd. Energy storage system products include large energy storage systems (above MW level), small energy storage systems (under MW level), uninterruptible power.

The energy storage batteries of Ganfeng Lithium Battery are mainly produced by Jiangxi Ganfeng New Energy Technology Co., Ltd. Energy storage system products include large energy storage systems (above MW level), small energy storage systems (under MW level), uninterruptible power.

As the world's leading lithium eco-enterprise, Ganfeng Lithium's business segments cover from upstream 'lithium resource development', midstream 'lithium refinery and lithium metal smelting', to downstream 'lithium battery manufacturing and battery recycling'. Our products are widely used in EVs.

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed company (A□002460□H□01772). With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced.

We are the world's third largest and China's largest lithium compounds producer and the world's largest lithium metals producer in terms of production capacity as of December 31, 2017, according to CRU.

Ganfeng Lithium's battery business dates back to the establishment of Jiangxi'an Chi Lithium Energy Electronics Co., Ltd. in 2011. In the next 10 years, Ganfeng has continuously tilted resources to the lithium battery business: in 2016, it will build a fully automatic polymer lithium battery.

Ganfeng Lithium Co., Ltd. is a company that produces lithium, lithium products, other metals, and batteries in mainland China and globally. It was founded by Li Liangbin in 2000 and is headquartered in Xinyu, Jiangxi. [1][2] It is the largest lithium salt producer in China and the third largest in.

The Company successfully invented sodium salt pressure leaching, sulfuric acid acidification roasting and other ore lithium extraction technologies, developed complex system sodium and potassium precise control, liquid-solid combined cycle demagnetization, "nanofiltration membrane impurity removal.

Ganfeng lithium energy storage equipment manufacturing company

Solid state Lithium,Power battery,Energy storage system--Ganfeng

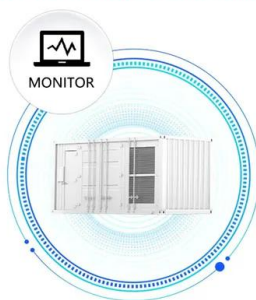

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed company (A:002460,H:01772). With Ganfeng Lithium's brand, technology, and resources, and a ...
