

Government procurement price of Solar Inverter in Ukraine

Overview

Bidding for Inverters tenders in Ukraine is extremely lucrative for companies of all sizes. Ukraine tendering authorities release contracts for most of the Inverters products and services procured by them.

Bidding for Inverters tenders in Ukraine is extremely lucrative for companies of all sizes. Ukraine tendering authorities release contracts for most of the Inverters products and services procured by them.

This tender is from the country of Ukraine in Europe region. The tender was published by A7042 military unit on 01 Aug 2025 for Hybrid solar inverter (UPS). The last date to submit your bid for this tender was 11 Aug 2025. This tender is for the companies working with Solar installation and similar.

Earlier this month, the Ukrainian government commenced a €2 million (\$2.3 million) pilot project with a municipality in Austria to expand solar infrastructure. It follows a series of solar inaugurations at hospitals and schools across Ukraine over the last year to help power critical facilities.

UNDP Office of Procurement (OP), Crisis, Climate and Infrastructure Team (CCIT) hereby invites prospective bidders to submit a bid in accordance with the General Conditions of Contract and the Schedule of Requirements as set out in this Invitation to Bid (ITB). Please indicate whether you intend to.
