

Government procurement price of home battery pack in Switzerland

Overview

mount must generally be awarded in a public tender. The open procurement procedure is now mandatory for supplies and services at the federal level above CHF 30'000 and at the cantonal level above CHF 250'000. For construction services, public procurement is required at the federal level above CHF.

mount must generally be awarded in a public tender. The open procurement procedure is now mandatory for supplies and services at the federal level above CHF 30'000 and at the cantonal level above CHF 250'000. For construction services, public procurement is required at the federal level above CHF.

s came into force in Switzerland on 1 January 2021. At the federal level, the Public Procurement Act and the Public Procurement Ordinance (PPA and PPO) were revised. At the cantonal level, the revised Intercantonal Agreement on Public Procurement (IAPP) was adopted on 15 November 2019; i WTO.

The Swiss Confederation and the 26 cantons each have the power to enact their own public procurement legislation for public procurements by entities on a national and cantonal/municipal level within the framework provided by international and national law. Thus, public procurement in Switzerland is.

Switzerland's official platform for government procurement is simap.ch, a centralized repository for tenders from the federal government, cantons, and communes. The platform provides access to a wide range of procurement opportunities, including construction projects, goods, and services.

ICLG - Public Procurement Laws and Regulations - Switzerland Chapter covers common issues including application of the law to entities and contracts, award procedures, exclusions and exemptions, remedies, privatisations and PPPs. 1. Relevant Legislation 2. Application of the Law to Entities and.

o procurements on the sub-federal level. These adjustments paved the way for the ratification and implementation of the Revised WTO Agreement on Government Procurement (GPA 2012) and for the harmonisation of the hetero-

g neous Swiss public procurement landscape. In addition, the new laws.

Legislation at the national, cantonal and intercantonal levels is based on the revised World Trade Organization (WTO) Agreement on Government Procurement (GPA 2012) and the bilateral agreement between Switzerland and the EU on public procurement. These international agreements have been implemented. How is public procurement regulated in Switzerland?

The Swiss Confederation and the 26 cantons each have the power to enact their own public procurement legislation for public procurements by entities on a national and cantonal/municipal level within the framework provided by international and national law. Thus, public procurement in Switzerland is regulated on three levels:.

What is iclg - public procurement laws and regulations - Switzerland?

ICLG - Public Procurement Laws and Regulations - Switzerland Chapter covers common issues including application of the law to entities and contracts, award procedures, exclusions and exemptions, remedies, privatisations and PPPs. 1. Relevant Legislation 2. Application of the Law to Entities and Contracts 3. Award Procedures 4.

What are the different types of procurement procedures in Switzerland?

Swiss public procurement law knows four different procurement types of procedures: Open procedure („offenes Verfahren“): All interested providers/suppliers may submit an offer after the planned procurement has been published (Art. 18 FAPP/IAPP).

Can a public procurement contract be cancelled or terminated in Switzerland?

It is disputed in Switzerland whether a contract which has been concluded in violation of public procurement law (i) is void or must be cancelled or terminated or (ii) whether the review body may only declare its invalidity and award damages (Art. 58 III FAPP/IAPP; Art. 9 III FAIM).

Where can I find e-procurement notices in Switzerland?

Most of the public procurement notices and many of the contract award notices at federal, cantonal and municipal level are published online on Apart from that, e-procurement is still not very well developed in Switzerland.

Are “in-house” procurements exempt from public procurement rules?

True “in-house” procurements, i.e. procurements of goods, work or services by dependent organisational units of the contracting entity as sole legal entity, are exempt from the public procurement rules because they are considered competitively neutral (article 10 paras 3/2 lit. c FAPP/IAPP).
