Switzerland's official platform for government procurement is simap.ch, a centralized repository for tenders from the federal government, cantons, and communes. The platform provides access to a wide range of procurement opportunities, including construction projects, goods, and services.

SwitzerlandTenders is the most authentic and comprehensive database of Switzerland Tenders, RFPs, Bids and eProcurement Notices. The information on eTenders, EOI, GPN and other public and private tenders from various industry sectors in Switzerland is sourced from newspapers, government public.

A key reason for the popularity of home energy storage is a continuing decline in equipment prices which Swissolar estimated at \$115/kWh for 2024 (see chart below). The prices for battery storage have continued to fall in recent years. The analysis in the report refers to new storage capacity.

Switzerland's solar PV market is expanding swiftly, with the International Energy Agency (IEA) reporting a leap from 1 GW of installed PV capacity in 2022 to 1.2 GW in 2023. This momentum is bolstered by various incentives and a burgeoning interest in clean energy. Notably, the Swiss Electricity.

Switzerland Tenders – View latest business contracts information from Switzerland published by various federal department of switzerland on eprocurement system are available on switzerland tenders section. All public procurement notices, government contracts, bids circular, tender contracts can be.

o procurements on the sub-federal level. These adjustments paved the way for the ratification and implementation of the Revised WTO Agreement on Government Procurement (GPA 2012) and for the harmonisation of the heterogeneous Swiss public procurement landscape. In addition, the new laws.
