

Hybrid renewable storage tender price in

Overview

State-owned hydropower producer NHPC has concluded its Tranche-X 1.2 GW wind-solar hybrid tender with an average price of INR 3.41 (\$0.039)/kWh. Adani Renewable Energy has secured the largest slice of 600 MW at INR 3.41/kWh.

State-owned hydropower producer NHPC has concluded its Tranche-X 1.2 GW wind-solar hybrid tender with an average price of INR 3.41 (\$0.039)/kWh. Adani Renewable Energy has secured the largest slice of 600 MW at INR 3.41/kWh.

SECI's 1200 MW Solar with 1200 MWh BESS tender, floated in March this year, turned up a surprise in terms of the price discovery of Rs 3.41 per unit from the winning bidder, Pace Digitek Infra Private Limited. This price discovery matches and in some cases beats the recent price discoveries from.

State-owned hydropower producer NHPC has concluded its Tranche-X 1.2 GW wind-solar hybrid tender with an average price of INR 3.41 (\$0.039)/kWh. Adani Renewable Energy has secured the largest slice of 600 MW at INR 3.41/kWh. Other winners at this price include Mahindra Susten (240 MW) and Sprng.

Winning bids as low as INR 3.41/kWh (US\$0.041/kWh) have been registered in a tender for solar PV paired with battery storage hosted by the Solar Energy Corporation of India (SECI). Bidding closed yesterday (16 July) in SECI's tender for 1,200MW of solar PV and 600MW/1,200MWh battery energy storage.

Solar Energy Corp. of India (SECI) has awarded 420 MW of renewables-plus-storage capacity in its 1.2 GW round-the-clock (RTC) power tender. The winning developers will set up renewable energy projects backed with energy storage systems to supply RTC power. National body the Solar Energy Corporation.

Analysts predict tender prices for utility-scale batteries could drop by 18-22% by 2025 compared to 2023 levels, thanks to: Raw material cost stabilization (goodbye, lithium price rollercoasters?)

) While lithium-ion batteries still dominate 78% of tenders (no surprise there), 2025 could be the year.

SJVN has wrapped up its 1.5 GW of renewables storage tender by allocating 1.184 GW for an average price of \$0.053/kWh. Acme Solar won 250 MW. Juniper Green and Tata Power Renewable secured 200 MW each. Other winners include ReNew (184 MW), Solarcraft Power (150 MW), Hero Future Energies (120 MW).
