

Italian energy storage company factory operation

48V 100Ah

Overview

Is Energy SpA launching a Gigafactory in Italy?

A 600kWh BESS unit at a C&I location deployed by Energy SpA, one of the two firms launching the gigafactory. Image: Energy SpA. System integrator Energy SpA and its vertically integrated peer Pylon Technologies (Pylontech) have formed a joint venture (JV) to set up a gigafactory in Italy producing batteries for energy storage.

Which Italian company manufactures energy storage systems & batteries in-house?

“The transaction will position Energy as the only Italian company to manufacture the energy storage system and storage batteries in-house,” it said.

Will energy use its own energy storage products?

However, Energy’s media statement indicated that, at least at first, the capacity would be going towards its own energy storage products, which it deploys across the residential, commercial and grid-scale segments.
