

Mobile ESS unit project financing options in Ecuador 2026

Overview

Who funds government housing interventions in Ecuador?

In addition to World Bank financing, currently the Government housing interventions are funded by the IADB. The Bank is working with the IADB to incorporate lessons learned from the extensive experience in financing housing programs and develop a collaborative approach to support the housing and habitat agenda in Ecuador.

How can the World Bank support the housing sector in Ecuador?

The design and implementation of this World Bank Project (particularly Component 1) will benefit from the Inter-American Development Bank's (IADB) experience in supporting the housing sector in Ecuador. 45. Lesson 1: Supporting households to acquire affordable housing has a positive impact on urban economies, and welfare.

Why is Ecuador focusing on a women-led housing project?

Since one of the key gender gaps in Ecuador is related to property ownership, the operation will seek to support municipalities in providing services that will support women and women-led households¹⁷ getting access to resilient housing and improved urban infrastructure and services.

What are the challenges faced by Ecuador's real estate market?

Overview of the challenge. 1. The Ecuador's real estate market fails to provide enough affordable housing solutions for low-income families, leading to public interventions to address the issues. The public and private real estate market does not offer enough housing solutions for low-income families.

Which banks are active in the mortgage market in Ecuador?

Banco del Pacífico, a commercial bank that is fully owned by the Ecuadorian state and is also an important mortgage lender, has also been granted the ability to use the coactiva for some cases. Apart from BIESS and Banco del

Pacífico, none of the other four Ecuadorian SOFIs (BanEcuador, CFN, BDE and CONAFIPS) are active in the mortgage market. 6.

Can a sofi collect debt in Ecuador?

More generally, SOFIs can collect debt through special procedures (coactiva),⁵⁴ though BIESS has been reluctant to use it. Banco del Pacífico, a commercial bank that is fully owned by the Ecuadorian state and is also an important mortgage lender, has also been granted the ability to use the coactiva for some cases.
