

Mobile ESS unit supplier quotation in Poland 2026

Overview

Will PGE supply ESS batteries in Poland?

SEOUL, March 25, 2025 – LG Energy Solution announced today that it has signed an agreement with PGE, Poland's largest energy sector company, to supply 981MWh of grid-scale ESS batteries between 2026 and 2027. Both companies will collaborate to establish a battery energy storage facility in Żarnowiec, Poland.

When will ESS batteries be delivered to PGE?

Credit: Wirestock Creators / Shutterstock. LG Energy Solution has signed an agreement to supply 981MWh of grid-scale energy storage system (ESS) batteries to Poland's energy company PGE. The batteries will be delivered between 2026 and 2027.

How much is LG Energy Solution's ESS contract worth?

The contract is worth several trillion Korean won and marks the company's first supply of Europe-manufactured LFP batteries dedicated to ESS applications. To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators.

How many ESS batteries will Korea supply between 2026 & 2027?

The Korea-headquartered lithium-ion OEM made its own announcement yesterday (24 March), saying it would supply 981MWh of grid-scale ESS batteries between 2026 and 2027, indicating a 9% overbuild relative to the nameplate capacity.

Why do we need ESS solutions?

This strategy also seeks to enhance market presence, unlock new business opportunities, and highlight the quality and competitiveness of locally produced products. Meanwhile, as energy security concerns continue to rise

across Europe, demand for renewable energy infrastructure and ESS solutions is growing rapidly.

How is ESS leveraging its 'made in Europe' manufacturing capabilities?

To nurture its ESS business, the company is leveraging its “Made in Europe” manufacturing capabilities to meet the demands of European customers and governments prioritizing locally produced solutions.
