

## **Muscat energy supervision office encourages electric energy storage**

## Overview

---

How will Oman's new energy policy affect energy storage?

MUSCAT: A new policy framework unveiled by Oman's Ministry of Energy and Minerals last week is expected to lend new impetus to the growth of integrated renewable energy capacity, encompassing not only generation and transmission, but crucially, energy storage as well.

Does Oman need energy storage?

Acknowledging the "absence" of energy storage technologies in Oman, notably because of the "high-costs" involved, the new policy nevertheless seeks to enable the deployment of economically feasible battery storage infrastructure and for these attendant costs to be recouped from large consumers benefitting from such investments.

Does energy dome have a partnership with Oman Investment Authority?

Energy Dome has also revealed that it has signed an MOU with Oman Investment Authority to explore potential areas of collaboration in Oman. Oman Observer is now on the WhatsApp channel.

## Muscat energy supervision office encourages electric energy storage

### Lithium Solar Generator: \$150
