

Off grid solar storage tender price in Portugal 2025

Overview

What does Portugal's energy storage tender mean for the energy transition?

Portugal's government has announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. Energy storage battery. Photo by Anna Vasileva.

How much will Portugal spend on energy storage & grid flexibility?

The Portuguese Ministry of Energy has allocated €99.75 million (\$107.6 million) for grid flexibility and energy storage projects which should be installed by the end of 2025. From ESS News Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production.

How much will Portugal spend on energy storage projects in 2025?

Portugal's Ministry of Energy has announced that it has allocated EUR 100 million (\$104.2 million) to 43 energy storage projects which should be installed by the end of 2025. A total of 79 applications were vying for grant support secured under the country's Recovery and Resilience Plan (RRP).

Why is Portugal launching a solar energy storage project?

This initiative aims to enhance the flexibility and stability of Portugal's power supply system amid its record-breaking solar electricity production. On July 31, the ministry announced the allocation of €99.75 million through a call for tenders to install energy storage projects totaling 500 MW.

What is the biggest energy storage grant in Portugal?

The biggest grant was awarded to Solara4Phase4 to the tune of EUR 16.4 million. A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage procurement. This included six projects from Spain's Iberdrola, which secured nearly EUR 20 million in public funding.

Off grid solar storage tender price in Portugal 2025

Portugal solar pv battery storage price

Given Portugal's current renewables installation rate and its energy transition plans, it has the greatest potential to become one of Europe's new battery-storage markets for grid services.

Portugal to hold energy storage auction before January 2026

Portugal will launch a competitive tender for 750 MVA of battery energy storage before January 2026, as part of a broader EUR400 million package aimed at improving grid ...

Somalia Launches 55 MW Solar-Storage Energy Tender

Bids for the competitive tender are due by April 14, 2025, with project funding provided by the World Bank under the Accelerating Sustainable and Clean Energy Access ...

Enel awarded 99-MW solar-plus-storage project in ...

Located in the region of Algarve, the solar-plus-

storage facility is expected to commence operations in 2024. Under the terms of the auction, Enel secured the connection rights to the Portuguese grid under a 15-year contract ...

Papua New Guinea opens tender for solar-plus-storage minigrid

The United Nations Office for Projects Services has kicked off a tender for the development and construction of a solar and battery storage minigrid in Papua New Guinea. ...
