

On grid solar storage tender price in Bulgaria 2025

APPLICATION SCENARIOS

Overview

What is the cost of co-located storage in Bulgaria?

The announcement of the tenders follows a public consultation initiated in October 2023. (BGN 1 = EUR 0.511/USD 0.557) The Bulgarian energy ministry on Thursday opened to applications two procedures to support renewable energy sources with co-located storage with an overall budget of over BGN 535 million (EUR 274m/USD 298m).

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

What is the deadline for submitting project proposals in Bulgaria?

The deadline for submission of project proposals was December 5, 2024. The Bulgarian Ministry of Energy announced on December 6 that it has received 151 project proposals worth nearly BGN 5 billion, which far exceeded the available funding of BGN 1.154 billion. Of the submitted proposals, 118 projects—totaling BGN 1.6 billion—were shortlisted.

On grid solar storage tender price in Bulgaria 2025

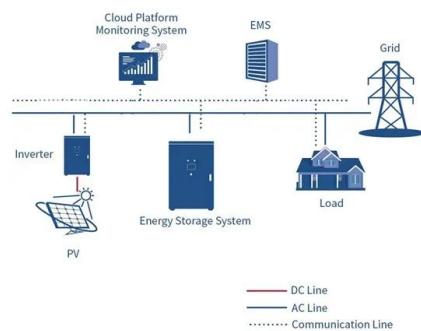

Solar to reach up to 70% of Bulgaria's generation at times this spring

Solar energy could reach 60-70% of Bulgaria's total electricity generation during some parts of the day as early as this spring, the country's Electricity System Operator (ESO) ...

Bulgaria Announced Two Tenders for Solar Photovoltaic (PV) ...

The recent sharp increase in solar photovoltaic capacity and the expected increase of wind power capacity in Bulgaria will require a fast increase in energy storage ...

N. Macedonia's ESM opens tender for works on 30 MW solar plants

North Macedonia's power utility Elektrani na Severna Makedonija (ESM) is inviting offers for the construction of two grid-connected photovoltaic plants of 30 MW capacity ...

Bulgarian tender for battery storage awards 9,713 MWh

Bulgarian tender for battery storage awards 9,713 MWh WORLD BESS 22.04.2025 16:51

(UTC+04:00) Bulgaria will finance 82 projects worth over 1.14 billion levs ...

Bulgaria's battery storage reaches 500 MW, set to surge

Around 500 MW of battery energy storage systems (BESS) with a storage capacity of some 1,300 MWh are now installed in Bulgaria and helping balance the ...

Bulgaria Announced Two Tenders for Solar ...

The recent sharp increase in solar photovoltaic capacity and the expected increase of wind power capacity in Bulgaria will require a fast increase in energy storage facilities to avoid grid instability. The primary goal of the ...

LiFePO ₄
Wide temp: -20°C to 55°C
Easy to expand
Floor mount&wall mount
Intelligent BMS
Cycle Life:≥6000
Warranty :10 years

Bulgarian tender awards nearly 10 GWh of energy ...

The public call was open for projects equal to or greater than 10 MW with at least two hours of storage capacity, which will be primarily used in the frequency regulation markets. There was no minimum amount of financing per ...

EU's Largest BESS Project Now Online in Bulgaria

The country in a recent tender awarded just more than 9.7 GWh of energy storage contracts. The new BESS is located adjacent to a 106.2-MW solar energy park in the Balkan Industrial Park in Lovech.

India's battery storage boom: Getting the execution right

In January 2025, the Central Electricity Regulatory Commission cancelled Solar Energy Corporation of India's 500MW/1,000MWh standalone BESS tender due to significant ...

Bulgaria outlines EU-funded tender for standalone ...

The draft for the RESTORE tender for support to energy storage facilities in the electricity transmission system was issued for public consultation.

Bulgaria Launches Renewables Energy & Storage Tenders

Launched on March 14, 2024, the last date for bid submission for these tenders is June 12, 2024. The launch of these tenders follows a consultation round opened by the ministry in October ...

Bulgaria launches call for grants for standalone energy storage units

The Ministry of Energy of Bulgaria prepared EUR 589 million in grants for standalone energy storage projects. The deadline for applications is November 21. With the ...

Energy Storage Battery Tender Price 2025: Trends, Predictions, ...

2025 Battery Storage Market: Where Are We Headed? The global energy storage market, already a \$33 billion beast, is sprinting toward 2025 with innovations that'd make even Tony Stark ...

Bulgaria outlines EU-funded tender for standalone energy storage

The draft for the RESTORE tender for support to energy storage facilities in the electricity transmission system was issued for public consultation.

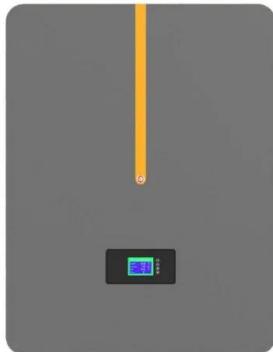

Bulgaria Launches Renewables Energy & Storage ...

The BG-RRP-4.032 tender will support new solar and/or wind power projects with co-located energy storage facilities. A budget of BGN 107.57 million (\$60 million) has been allocated to aid the construction of at least 200 ...

Bulgaria launches energy storage and renewables tender

Bulgaria's Ministry of Energy announced two tenders to add 1,425 megawatts (MW) of renewable energy to the grid and 350 MW of battery energy storage system (BESS) ...
