

Residential ESS tender price in Romania 2025

Overview

Which Romanian companies are adding Bess to their renewable assets?

Other Romania-based companies, such as Parapet and Waldevar Energy, have told pv magazine that adding BESS to their renewable assets is a top priority. The May edition of pv magazine features an in-depth look at Romania's solar and energy storage markets.

Is the Bess market heating up in Romania?

The BESS market in Romania is heating up, say local analysts and insiders. Irene Mihai, policy officer at the Romanian Photovoltaic Industry Association (RPIA) recently told pv magazine that a realistic target for the utility-scale BESS segment in Romania "would be around 2 GWh (around 1 GW of installed capacity)" for 2030.

Is Romania a Bess market?

"As other European BESS markets become increasingly saturated, Romania stands out," said Evangelos Gazis, Aurora's head of Southeastern Europe, adding that the investment case for storage is strengthened by wind and solar's rapid expansion driving high volatility in wholesale and balancing markets. Interesting activity.

When will a Bess project enter the market?

Based on its modeling, Aurora foresees double digit internal rates of return for standalone BESS projects entering the market as early as 2026, while co-located assets could prove even more promising – especially post 2028 where rising saturation in the balancing markets is observed, it said.

What methods are used in real estate analysis in Romania?

The analysis employs both quantitative and qualitative methods. The scarcity of comprehensive data on real estate in Romania (and generally in Central and Eastern Europe) presents challenges in creating an analysis based solely

on universally recognized official records.

How much did prices rise in Romania in 2023?

In Bucharest and Timisoara, prices rose by approximately 4%, while in Cluj and Iasi, the increases were higher, reaching 7% and 9%, respectively. Modest single-digit price increases in 2023, below earnings growth, close to the inflation rate by year-end.
