

Shangtai technology energy storage battery manufacturer

CE UN38.3 MSDS

Overview

Shijiazhuang Shangtai Technology Co., Ltd., founded in 2008 and registered and headquartered in Wuji County, Shijiazhuang City, is a company listed on the main board of Shenzhen Stock Exchange (Stock Code: 001301) and a leading high-tech enterprise in the industry with independent.

Shijiazhuang Shangtai Technology Co., Ltd., founded in 2008 and registered and headquartered in Wuji County, Shijiazhuang City, is a company listed on the main board of Shenzhen Stock Exchange (Stock Code: 001301) and a leading high-tech enterprise in the industry with independent.

Shangtai Technology develops advanced energy storage solutions, 2. The company focuses on renewable energy integration, 3. Their batteries boast high efficiency and longevity, 4. Innovation in energy management systems enhances performance. The energy storage batteries from Shangtai Technology are.

Shijiazhuang Shangtai Technology Co., Ltd. engages in the research, development, production, and sales of lithium-ion battery negative electrode materials and carbon products. It offers artificial graphite, silicon carbon anode material, graphitized and semi graphitized petroleum coke carburant.

It is a leading high-tech enterprise with independent R&D, integrated production and sales of anode materials for emerging lithium-ion batteries in the industry. The company established a wholly-owned subsidiary, Shanxi Shangtai Lithium Battery Technology Co., Ltd., in Xiyang County, Jinzhong City.

Lithium-ion battery is an efficient and rechargeable secondary battery, which

is charged and discharged by the movement of lithium ions between the positive and negative electrodes. The Cathode Material is usually lithium metal oxide, and the Anode Material is graphite or silicon-based material.

Shangtai Technology was established in September 2008 and successfully listed on the Shenzhen Stock Exchange in December 2022. As an emerging anode material supplier, Shangtai Technology focuses on artificial graphite, which has outstanding advantages in autonomy and integration. The key equipment. Who is shangtai technology?

As an emerging anode material supplier, Shangtai Technology focuses on artificial graphite, which has outstanding advantages in autonomy and integration. The key equipment is independently designed and developed, and the whole process is produced by itself, creating many integrated production base of high-performance anode materials.

Is shangtai Tech a good company?

Shangtai Tech has been appraised as a national high-tech enterprise. Complete ISO9001 System Certification. Shijiazhuang graphitization production line and diamond carbon source production line completed and put into operation. Shangtai Tech was rated as an excellent investment enterprise.

What happened to shangtai Tech?

The headquarter of Shangtai Tech has been put into use. Shanxi's new graphitization base with an annual output of 100,000 tons is put into operation. Listed on the A-share main board, Stock code: 001301. Sales volume continued to break through, and production expansion continued, reaching 500,000 tons of production capacity in 2025.

Where is shangtaitech headquartered?

ShangtaiTech is headquartered in Shijiazhuang, China. What is the size of ShangtaiTech?

ShangtaiTech has 3,975 total employees. What industry is ShangtaiTech in?

.

What is shangtaitech's stock price?

As of 27-May-2025, ShangtaiTech's stock price is \$6.54. Its current market cap is \$1.71B with 261M shares. As of 31-Mar-2025, ShangtaiTech has a trailing 12-month revenue of \$832M. This information is available in the PitchBook Platform. To explore ShangtaiTech's full profile, request access.

How many hours has shangtaitech logged?

Our data operations team has logged over 3.5 million hours researching, organizing, and integrating the information you need most. Information on stock, financials, earnings, subsidiaries, investors, and executives for ShangtaiTech. Use the PitchBook Platform to explore the full profile.

Shangtai technology energy storage battery manufacturer

The Global Leading Battery Suppliers , Tianneng

A Reliable Battery Partner Since 1986 Founded in 1986, Tianneng is a battery supplier with more than 30 years of development in China and has become a leading lead acid battery ...

9th (2024) international Energy Storage & Battery Technology ...

Anhui Jinli is a professional manufacturer of surge protection devices, with UL and TUV double witness laboratory and automated lean production workshop, in industrial ...
