

Sichuan and chongqing energy storage investment

Overview

Who owns Chongqing Energy Investment Group?

Chongqing Energy Investment Group Co., Ltd. is the only municipal energy platform directly owned by the Chongqing State-owned Assets Supervision and Administration Commission.

Is Chongqing Energy a good investment?

Fitch assesses Chongqing Energy's support record and expectations as 'Moderate'. It receives substantial government subsidies, around 15%-35% of operating EBITDA, and has favourable policy support. However, the support is inadequate to raise its 'b-' Standalone Credit Profile to a healthy level.

When will Sichuan Shijin solar cell production & manufacturing base start?

The Sichuan Shijin High-Efficiency Solar Cell Production and Manufacturing Base, invested by the company, is scheduled to complete its equipment installation and commissioning by March 27, with the first solar wafer expected to roll off the production line on March 28.

How can Ziyang create a beautiful economy?

On March 5, the Ziyang Municipal People's Government held a press conference to interpret the Plan mentioned above. During the conference, the concept of fostering a beautiful economy through "intelligent manufacturing in Ziyang" was further clarified. How Can the Economy Be "Beautiful"?

"Green development is not a choice but a necessity."
