

Solar plus storage supplier quotation in Spain 2025

Overview

What is the 'first' solar-plus-storage power purchase agreement (PPA)?

Spanish energy firm Zelestra and Portuguese utility EDP have signed what they call the “first” solar-plus-storage power purchase agreement (PPA) in the Spanish renewables market. Zelestra will build the 170MWp/400MWh solar-plus-storage project in Trujillo, in Extremadura, with construction expected to begin in the “second half” of 2025.

Which countries have signed a solar-plus-storage PPA deal?

The company has signed solar-plus-storage PPAs in other markets, with a notable 220MW/1GWh deal in Chile earlier this year. The Spanish deal comes at a significant moment for the country’s energy sector.

Is the Iberian Peninsula a good place to invest in solar energy?

The Iberian Peninsula has emerged as one of Europe’s most attractive regions for solar energy investment and development, driven by strong policy support, abundant solar resources, and a maturing renewable energy market.

Will EDP buy solar power?

EDP will buy the power produced at the site, though the companies did not clarify the length of the deal. Image: Zelestra. Spanish energy firm Zelestra and Portuguese utility EDP have signed what they call the “first” solar-plus-storage power purchase agreement (PPA) in the Spanish renewables market.

What is PV moduletech Europe 2025?

PV ModuleTech Europe 2025 is a two-day conference that tackles these challenges directly, with an agenda that addresses all aspects of module supplier selection; product availability, technology offerings, traceability of supply-chain, factory auditing, module testing and reliability, and company bankability.
