

Songzhi energy storage temperature control

Overview

SONGZ has been specializing in the energy storage thermal management field since 2016. Our liquid-cooled temperature control units cover a full range of products including 3kW, 5.5kW, 8kW, 10kW, 15kW, 25kW, and 40kW.

SONGZ has been specializing in the energy storage thermal management field since 2016. Our liquid-cooled temperature control units cover a full range of products including 3kW, 5.5kW, 8kW, 10kW, 15kW, 25kW, and 40kW.

Energy storage temperature controller is to effectively manage the heat dissipation of the energy storage system to ensure a constant temperature and humidity inside the system. The core of energy storage temperature control is to effectively adjust and control the temperature and humidity of.

SONGZ has been specializing in the energy storage thermal management field since 2016. Our liquid-cooled temperature control units cover a full range of products including 3kW, 5.5kW, 8kW, 10kW, 15kW, 25kW, and 40kW. Many of these products are already in mass production and are widely used in.

SONGZ has been specializing in the energy storage thermal management field since 2016. Our liquid-cooled temperature control units cover a full range of products including 3kW, 5.5kW, 8kW, 10kW, 15kW, 25kW, and 40kW. Many of these products are already in mass production and are widely used in.

SONGZ is committed to building a national brand in mobile thermal management systems. We consistently adhere to a product strategy that emphasizes "efficiency, energy-saving, and environmental protection" alongside a market philosophy centered on "high technology, high quality, and excellent."
