

## Successful bid price of BESS project in Sweden 2025

## Overview

---

The purchase price will amount to a maximum of approximately SEK 30 million (\$2.96 million), Arise said. Approximately SEK 15 million will be received at closing and the remaining part at completion of the grid connection.

The purchase price will amount to a maximum of approximately SEK 30 million (\$2.96 million), Arise said. Approximately SEK 15 million will be received at closing and the remaining part at completion of the grid connection.

Gothenburg, 27 February 2025 – RES, the world's largest independent renewable energy company, has successfully completed the sale of a fully ready-to-build 70MW/160MWh battery energy storage system (BESS) project in Ånge, Sweden. The project has been acquired by Delta Capacity, a Swiss-based.

The grid connection is expected to be completed during the first half of 2025. The transaction covers all the shares in Pajkölen BESS AB, which owns the project rights. The purchase price will amount to a maximum of approximately SEK 30 million (\$2.96 million), Arise said. Approximately SEK 15.

ployment of BESS capacity in the market. With increasingly cheap supply volumes being bid to the ancillary markets - demand and supply laws dictate that the prices will continue to drop. WSP predicts that the price for FCR gradually falls to a steady-state of ca 4-12 EUR / MW – a steep decline f.

UK-based independent renewable energy developer RES Group and Swedish battery developer SCR have sold a 17-MW battery energy storage system (BESS) project in Sweden to Rocmore Energy. Battery energy storage system (BESS) project. Image source: RES Group. The BESS, located in the Alingsas.

Monsson is pleased to announce the successful completion of acquisition of 100% of the shares in a 60MWh Battery Energy Storage System (BESS) project located in Eskilstuna Commune, Sweden. The transaction was concluded with Neoen, one of the world's leading independent producers of renewable.

The Battery Energy Storage Systems (BESS) market in Sweden has

experienced substantial growth in Q1 2025, driven by advancements in technology and increased adoption across various sectors. This report delves into the key trends and developments influencing this dynamic market, focusing on the. What is a Bess project?

The project is a ready-to-build 40 MW/80 MWh battery energy storage system (BESS) site developed by Nasdaq Stockholm-listed renewables developer Arise. It is located within the 277 MW Kolvallen wind farm in the municipality of Ljusdal and will connect to the same station.

What is the Alingsas Bess project?

The Alingsas BESS marks the second collaboration between RES and SCR and follows the 20-MW Landskrona BESS project in southern Sweden sold to Swiss utility Axpo in March 2023. “Rocmore Energy is delighted to expand our presence in the Swedish energy market.

When will monsson's Bess project start?

The project is fully permitted and scheduled to commence construction in June 2025. This project represents Monsson's initial implementation of its own BESS solution in Sweden, designed for the country's demanding weather conditions.

What does Bess stand for?

With a portfolio exceeding 6 GW in wind, solar, and battery energy storage systems (BESS), Monsson offers turnkey solutions for the development, construction, and operation of renewable energy projects, including advanced battery energy storage systems. Media Contact: Joanna Lilliequist +46 706875254.

What is the battery energy storage system (BESS) project?

Battery energy storage system (BESS) project. Image source: RES Group. The BESS, located in the Alingsas Municipality, was developed by RES and SCR in partnership with the municipally-owned company Alingsas Energi. The facility, which will be built by Rocmore Energy, is scheduled to be commissioned in the summer of 2025.

What makes a Bess system profitable?

To maximize profitability, BESS systems must operate across multiple

markets, balancing peak shaving, arbitrage, and other revenue streams. Developers are increasingly focusing on intelligent automation to fine-tune battery operations. Cybersecurity in energy infrastructure is becoming a critical issue.

## Successful bid price of BESS project in Sweden 2025

### Construction begins on Sweden's largest battery energy storage ...

Construction has begun on Sweden's largest Battery Energy Storage System (BESS) undertaken by Neoen, an Independent Power Producer and Nidec, a system ...

### Bids received for Bid Window 3 of battery storage ...

The Garona energy storage project will cover approximately 4 hectares (12 acres) and be Africa's largest standalone battery energy storage system when completed. The sixth project under the first bid round is at ...

### RES, SCR sell 17-MW BESS project in Sweden

The BESS, located in the Alingsas Municipality, was developed by RES and SCR in partnership with the municipally-owned company Alingsas Energi. The facility, which will be ...

### RES Successfully Closes Sale of 70MW BESS Project

Gothenburg, 27 February 2025 - RES, the world's largest independent renewable energy company, has successfully completed the sale of a fully

ready-to-build 70MW/160MWh battery ...

## **Saudi Arabia announces Qualified Bidders for Group 1**

...

Saudi Power Procurement Company (SPPC) announces the list of Qualified Bidders for Group 1 Battery Energy Storage Systems (BESS) having Combined Capacity of 2,000 MW/8000 MWh across Saudi Arabia on ...

## **New Subsidy schemes for Battery Energy Storage ...**

In autumn 2024 two draft regulations were published regarding state aid for large-scale electricity storage systems (BESS), one from the Modernisation Fund ("MF ") 1 - and the second under the National Recovery ...

## **Ingrid Capacity, SEB partner on 196MW of BESS in Sweden**

Ingrid Capacity is one of the most active BESS developers in Sweden. Image: Ingrid Capacity. Developer Ingrid Capacity and investor SEB Nordic Energy have partnered to ...

## AMEA Power Awarded Two Major Standalone Battery ...

Dubai, United Arab Emirates, 6th January 2025 - AMEA Power, one of the fastest-growing renewable energy companies in the region, announced today that it has been awarded two pivotal Battery Energy Storage Projects ...

### Europe drives BESS market strength

Neoen and Nidec announced construction of a 9 MW/93.9 MWh BESS - the largest BESS project in both Sweden and all of Northern Europe. It is expected to enter operation in the first half of 2025. BESS remained the ...

## Cost, shipping, energy density drive move to 5MWh BESS standard

Prices are expected to increase nominally in 2025, as shown in the chart above, before jumping more substantially in 2026. That larger increase is primarily down to new tariffs ...

## Latest Battery Energy Storage System (BESS) Project & Contract ...

Search all the recent tender/contract awards in battery energy storage system (BESS) projects in Sweden with our comprehensive online database.

## Monsson snaps up 60-MWh battery project in Sweden

Located in Eskilstuna Municipality, the battery energy storage system (BESS) project is fully permitted and construction works are set to start in June 2025. It marks Monsson's initial implementation of its own BESS solution ...

## What is the Cost of BESS per MW? Trends and 2025 Forecast

The cost per MW of a BESS is set by a number of factors, including battery chemistry, installation complexity, balance of system (BOS) materials, and government ...

## NHPC announces auction results for 125 MW/500 MWh BESS projects ...

NTPC Green Energy Limited (NGEL) and Opera Energy Private Limited have emerged as successful bidders in NHPC Limited's tender for standalone battery energy ...

## Latest Battery Energy Storage System (BESS) Projects in ...

Search all the latest and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Sweden with our comprehensive online ...

## Reliance Power subsidiary bags 350 MW solar and ...

Reliance Power subsidiary Reliance NU Energies Private has emerged as top bidder for SJVN's solar and BESS project. Post this, shares of Reliance Power surged 10.01 per cent.

## South Africa's BESIPPPP Window 3 ends with two big ...

South Africa has announced the winners of the third window of the Battery Energy Storage Independent Power Producers Procurement Programme (BESIPPPP), where 616 MW of battery storage projects were ...
