

## Successful bid price of Solar Inverter project in Germany 2025

## Overview

---

Winning bids ranged from €0.069 to \$0.1038 (\$0.080 to \$0.12)/kWh while the weighted average winning bid was determined as €0.0922 (\$0.11)/kWh, slightly higher than €0.091/kWh in the previous round (see Germany Awards 317 MW In Oversubscribed Solar Auction).

Winning bids ranged from €0.069 to \$0.1038 (\$0.080 to \$0.12)/kWh while the weighted average winning bid was determined as €0.0922 (\$0.11)/kWh, slightly higher than €0.091/kWh in the previous round (see Germany Awards 317 MW In Oversubscribed Solar Auction).

The average bid value was 4.76 cents per kilowatt hour (kWh) of electricity, around six percent below the value of the previous round (5.05 ct/kWh). The last time such low values were achieved was in 2019, said the agency. For years, Germany has used auctions to determine support for renewable.

Germany's latest auction for utility-scale solar concluded with prices ranging from €0.0399 (\$0.0455)/kWh to €0.0488/kWh. The procurement exercise was significantly oversubscribed. From pv magazine Germany Germany's Federal Network Agency (Bundesnetzagentur) has allocated 2,638 MW of PV capacity in.

The prices of the successful bids in the pay-as-bid auction ranged from 5.62 cents per kilowatt hour (ct/kWh) to 7.13 ct/kWh. The average volume-weighted award price fell from 7.15 ct/kWh in the previous round to 7.00 ct/kWh. The federal state with by far the most volume awarded was North.

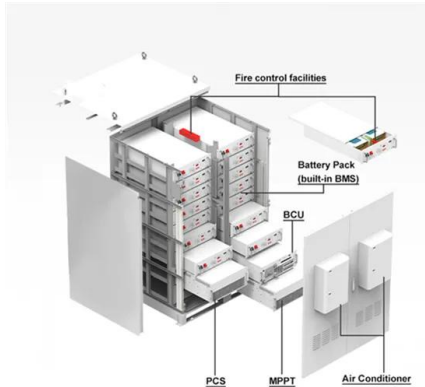

Winning tariffs for the June 1, 2025 German solar auction for buildings and noise barriers ranged between €0.069 and €0.1038/kWh, while the average price slightly rose to €0.0922 from the last round. (Photo Credit: TaiyangNews) Germany's Federal Network Agency (Bundesnetzagentur) has announced 118.

Germany's Federal Network Agency (BNetzA) has announced the results of its latest ground-mounted solar tender held on March 1, 2025, revealing continued investor enthusiasm with bids exceeding allocated capacity for the

eighth consecutive round. The agency received 420 proposals totaling 3.839.

Germany's Federal Network Agency (BNetzA) published on Thursday the price ceilings for the renewable energy generation auctions that will be carried out in 2025. The values were capped at EUR 0.068 (USD 0.07) per kWh for ground-mounted solar PV systems, EUR 0.0735/kWh for onshore wind, EUR 0.09/kWh.

## Successful bid price of Solar Inverter project in Germany 2025

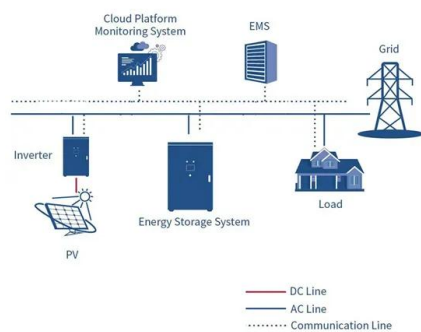

### Germany Solar Inverter Market Market Predictions: Growth and ...

The German solar inverter market, valued at EUR950 million in 2025, is experiencing robust growth, projected to expand at a Compound Annual Growth Rate (CAGR) ...

### Germany Awards 317 MW of Rooftop Solar Capacity in Latest ...

Germany's Federal Network Agency (Bundesnetzagentur) has awarded a total rooftop solar capacity of 316,964 kW in 143 bids for the latest auction. The lowest awarded bid ...

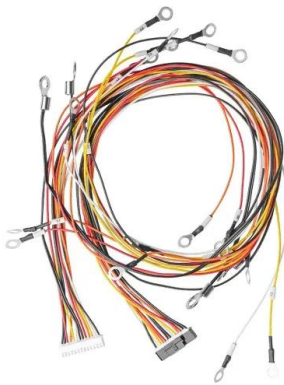

### Intersolar Europe 2025: Munich, Germany 2025.5.7-5.9

Munich, Germany 7-9 May, 2025 Stand Number: B3.430+B3.540 The countdown to Intersolar Europe 2025 is on, and Solis is bringing something BIG to share! From May 7-9, join us in Hall B3 at Europe's ...

### Bundesnetzagentur

The Bundesnetzagentur has today published the results of the auctions for onshore wind, solar installations on buildings and noise barriers that closed on 1 February 2025.

## Solar Subsidies in Germany 2025: Grants, ROI & How to Apply

Discover the full range of solar subsidies in Germany for 2025, from KfW battery grants to commercial premiums. Includes ROI tables and step-by-step guides.

## SOLAR ENERGY CORPORATION OF INDIA

Bidder shall submit bid proposal along with non-refundable Earnest Money Deposit (EMD) if applicable in all respect as per the Bid Information Sheet. Techno-Commercial bids will be ...

## Top 5 global inverter trends to watch in 2025 - pv ...

With higher power ratings, these string inverters will offer lower price per watt and save balance of system spend for solar systems due to lower cabling, installation, and operation and maintenance (O& M) costs due to fewer ...

## 2025 Trends

This gap, which has widened over the past year, indicates a continued reliance on central inverters for large-scale solar projects that require high power output despite the rising ...

## Germany auctions 2.27 GW solar projects

Germany's Federal Network Agency has announced the results of the auction held on July 1, 2025 for ground-mounted solar photovoltaic projects and solar installations on ...

## Ador to Showcase Upgraded Rhino E and New Solar-Powered ...

5 ????· Mumbai (Maharashtra) [India], September 11: Ador - India's leading manufacturer of welding consumables, welding equipment and automation systems will participate in ...

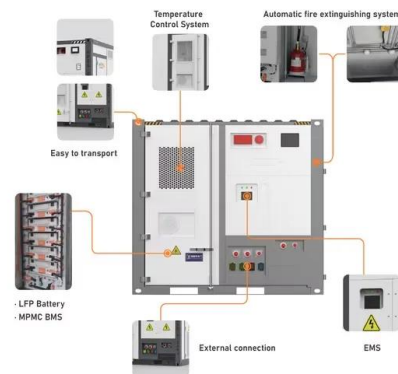

## 51 GW: World's Largest Ever Solar Module & Inverter Bid

Chinese energy projects developer POWERCHINA has launched what should easily be the world's largest ever solar module and solar inverter procurement call as it seeks 51 GW capacity for each of the 2 ...

## Germany allocates 2.63 GW in latest utility-scale PV tender

The average price came in at EUR0.0466 (\$0.0532)/kWh, with final prices ranging from EUR0.0399/kWh to EUR0.0488/kWh. From a regional perspective, the largest volume awarded ...

## Synertics

Germany's renewable energy sector is facing significant shifts in capture prices for renewable projects, especially for solar PV. The record of PV generation following a surge in installations has led to price cannibalisation, ...

## Germany Awards 255 MW Solar Capacity For June 1, 2025 Auction

Winning tariffs for the June 1, 2025 German solar auction for buildings and noise barriers ranged between EUR0.069 and EUR0.1038/kWh, while the average price slightly rose to ...

## Germany Launches 2.6 GW Solar Tender for 2025 solar energy

Germany's Federal Network Agency has launched an auction for ground-mounted photovoltaic (PV) projects, inviting bids for a total capacity of 2.625 GW by March 3, 2025.

## PV Index - module prices climb as inverters dip

In May 2025, shifting market dynamics saw solar module prices continue to rise, with supply constraints and firm demand putting upward pressure on pricing. In contrast, inverters trended lower, highlighting diverging ...

## European Renewable PPA Market Shows Stability in ...

From Q1 2024 to Q1 2025, transaction prices in these countries fell by 20.8%, 17.7%, and 15.2%, respectively. The decline in Germany's solar prices is partly attributed to the Bundesnetzagentur's reduction of the price cap for this year's ...

## Germany Awards 317 MW of Rooftop Solar Capacity ...

Germany's Federal Network Agency (Bundesnetzagentur) has awarded a total rooftop solar capacity of 316,964 kW in 143 bids for the latest auction. The lowest awarded bid was EUR0.079 (~\$0.085)/kWh, while the highest ...

## First German solar PV tender in 2025 more than twice ...

Bids for Germany's latest solar photovoltaics (PV) support tender exceeded the auctioned total capacity by more than twice, said the Federal Network Agency (BNetzA) in a press release.

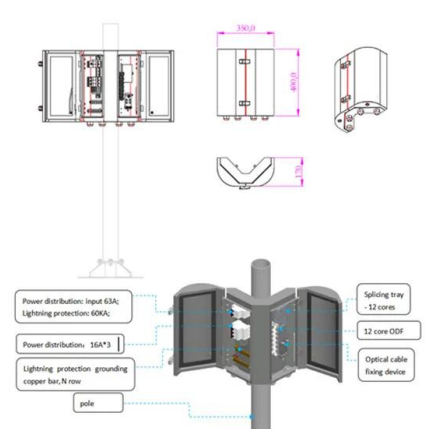

## Top 5 global inverter trends to watch in 2025

With higher power ratings, these string inverters will offer lower price per watt and save balance of system spend for solar systems due to lower cabling, installation, and ...

## Innovation Tender: Germany picks 587MW of solar ...
