

## Successful bid price of Solar Panel project in Serbia 2026

## Overview

---

Solar projects were awarded €50.9/MWh (below the €72/MWh cap), while wind projects secured €53.5/MWh (below the €79/MWh cap). These competitive bids represent a substantial reduction in expected costs, with a total investment of €782 million for the winning projects.

Solar projects were awarded €50.9/MWh (below the €72/MWh cap), while wind projects secured €53.5/MWh (below the €79/MWh cap). These competitive bids represent a substantial reduction in expected costs, with a total investment of €782 million for the winning projects.

Serbia has closed its second round of auctions for renewable energy, selecting 424.8 MW of solar and wind power projects for contracts for difference (CfDs), the Serbian ministry of mining and energy said on Friday. The initially offered quota of 300 MW for wind and 124.8 MW for solar projects was.

Bids for an overall 1,171 MW were submitted, compared to a total quota of 424.8 MW. In the first auctions, bids were placed for 602.8 MW while the quota was 450 MW. The available quota for wind power projects is 300 MW while firms applied for an overall of 673 MW. Bids for 498 MW in total were.

The successful bids were hailed as evidence of an “extremely successful” tender process by Serbian minister of energy and mining Dubravka Đedović Handanović. “The second round of auctions was extremely successful, both in terms of capacity and offered prices, but also in terms of the fact that all.

The largest quota was awarded to Novo Selo Power (6.4 MW at a bid price of 89.8 EUR/MWh), followed by Hiperion Sol (4 MW at a bid price of 88.65 EUR/MWh) and Terra Solar (1.2 MW at a price of 89.8 EUR/MWh). In February, it was announced that a second round of auctions for an additional 400 MW of.

Serbia’s Ministry of Mining and Energy has announced a second renewable auction to procure 124.8 MW of solar at a maximum price of €72 (\$75.90)/MWh. Bids are due by Feb. 5, 2025. Serbia’s Ministry of Mining and Energy has officially launched the country’s second renewables auction. The

ministry has.

In the second round of auctions for renewable energy market premiums, launched by the Ministry of Mining and Energy in November 2024, investors submitted applications for 41 projects, exceeding the available quota of 424.8 MW for wind and solar power plants. A total of 645 MW received incentives.
