

Successful bid price of domestic energy storage project in Guernsey 2025

Overview

What is the maximum resale price for electricity in Guernsey?

Guernsey Electricity Limited, in accordance with section 23 (2) (b) of the Electricity (Guernsey) Law 2001, hereby gives notices that the maximum resale price at which electricity can be resold by persons to whom it is supplied is *25 pence per unit. **What Is A Tariff?**

Put simply, a tariff calculates your bill.

Why did Guernsey increase electricity prices?

The decision comes after Guernsey Electricity (GEL) applied to the government for an increase of 9.5% because its long-term fixed price agreements for the import of electricity are due to end. The STSB said the quarterly standing charges for households would rise from £68.25 to £86.75, the equivalent of about 95p per day.

What is the energy strategy for Guernsey?

The Electricity Strategy for Guernsey covers the period up to 2050. The Committee for the Environment & Infrastructure considered several different ways in which Guernsey could meet its future demand including solar, wind, tidal, additional interconnectors, energy storage and alternative fuels.

Does Guernsey Electricity charge a monthly charge?

Where Guernsey Electricity is required to provide a standby electricity service for 'behind the meter' non-renewable energy installations (including CHP) with generation capacity in excess of 25kW, a monthly charge will be applied. For every kW of installed capacity, we charge the standby rate'.

Does Guernsey have a heat pump tariff?

There is also a dedicated Heat Pump Tariff. Guernsey Electricity reserves the right to interrupt a supply to dedicated heating tariff meters, in the unlikely

event of severe network conditions for up to 30 minutes in a 24-hour period, with a maximum number of interruptions being four times per calendar year.

Why should a regulatory framework be developed in Guernsey?

The regulatory framework must be suitable to the size and scale of Guernsey's industry, providing a mechanism to challenge decisions made by the industry, whilst also providing investors with confidence.

Successful bid price of domestic energy storage project in Guernsey

Bulk Energy Storage Implementation Plan Proposal

The Index Storage Credit shall be calculated by comparing the Strike Price bid by the Project with the Reference Price, which consists of the sum of the Reference Energy ...
