

Successful bid price of industrial battery cabinet project in South Africa 2025

Overview

In May 2025, South African independent power producer (IPP) Mulilo emerged as the preferred bidder across four of the sites: the 123 MW Retreat BESS project at the Merapi substation, with an evaluation price of R2 477.86/MWh.

In May 2025, South African independent power producer (IPP) Mulilo emerged as the preferred bidder across four of the sites: the 123 MW Retreat BESS project at the Merapi substation, with an evaluation price of R2 477.86/MWh.

In May 2025, South African independent power producer (IPP) Mulilo emerged as the preferred bidder across four of the sites: the 123 MW Retreat BESS project at the Merapi substation, with an evaluation price of R2 477.86/MWh. Scatec, of Norway, prevailed with its 123 MW Haru BESS project at the.

In an exciting development for South Africa's energy landscape, Independent Power Producers (IPPs) Mulilo and Scatec have been awarded the role of preferred bidders to develop a substantial 616 MW/2,464 MWh battery storage capacity. The ambitious project, which carries a price tag of R9.5 billion.

18 NOVEMBER 2024 The Minister of Electricity and Energy, Hon. Dr. Kgosisentsho Ramokgopa, is pleased to announce the successful signing of Projects Agreements and Commercial Close of an additional two Projects appointed as Preferred Bidders under the first Battery Energy Storage Independent Power.

Oslo, 30 May 2025: Scatec ASA has been awarded preferred bidder status for the Haru BESS Battery Energy Storage Project totalling 123 MW/492 MWh in the third bid window of the Battery Energy Storage Independent Power Producer Procurement Programme (BESIPPPP) in South Africa, by the Department of.

Minister of Electricity and Energy, Dr. Kgosisentsho Ramokgopa announced Mulilo and Scatec as the preferred bidders to develop 616 MW/2 464 MWh of new battery storage capacity at a cost of R9.5-billion across five substation sites in the Free State province. This announcement aligns with the.

South Africa 's Independent Power Producers Office has announced the submission of 33 bids by 28 companies for Bid Window 3 of the Battery Energy Storage Independent Power Producers Procurement Program. This round of procurement targets 616 MW of battery energy storage capacity across five. Who are the preferred bidders for battery storage projects?

Mulilo and Scatec named preferred bidders for battery storage projects. By Lehlohonolo Lehana.

Why should we invest in battery energy storage in South Africa?

We applaud the South African government's commitment and dedication to the renewable energy procurement programmes. Battery energy storage will continue to play an important role in the energy transition, and we will continue to be at the forefront across our core markets," says Scatec CEO Terje Pilskog.

How many bid windows are there for battery energy storage?

A further two Battery Energy Storage bid windows currently underway. Bid Window 2 (totaling 615M) is currently in evaluation phase with bid announcement expected within the next few weeks. Bid submission for Bid Window 3 is planned will be on 28th November 2024.

How much does Scatec's battery energy storage project cost?

The estimated total capex for the battery energy storage project is ZAR 2.2 billion (USD 120 million) of which Scatec's EPC contracts account for approximately 80%. The project will be financed by 90% non-recourse project debt and the remaining by equity from the owners.

Who are the bidders?

The list of bidders includes a variety of consortiums and developers, many of which are registered under holding names that obscure the specific Independent Power Producers (IPPs) involved. However, prominent participants include TotalEnergies, which submitted four bids and Globeleq, with a single submission.

When will a new battery procurement be based on the Integrated Resource Plan?

Electricity and Energy Minister Dr Kgosientsho Ramokgopa has said that any

additional battery procurement will be based on the 2025 edition of the Integrated Resource Plan, which is being discussed at the National Economic Development and Labour Council (Nedlac). The Nedlac process should be concluded during June.
