making optimal refrigeration effect;

Overview

Who can bid on Iran tenders?

All companies and individuals who are capable of fulfilling the requirements can potentially bid on Iran tenders. There might be additional restrictions based on domicile, experience and qualifications depending on the project's nature and complexity. What are the top products and services procured by Iran tenders?

.

What happened to ESS bid prices in March 2024?

In March 2024, ESS bid prices varied depending on their storage capacity, with an overall downward trajectory evident, particularly in the case of four-hour ESS bids, which hit yet another all-time low. Raw material prices for storage battery are expected to remain stable. At the outset of 2024, battery prices experienced a decline.

What is the price gap between ESS and batteries?

In March, the price disparity between ESS and batteries has continued to shrink. The average price of a 280Ah/0.5C storage battery hovered around 0.38 yuan/Wh in March 2024. According to our data, the average winning price for a 2-hour ESS is approximately 0.63 yuan/Wh, resulting in a price gap of around 0.25 yuan/Wh.

Successful bid price of mobile ESS unit project in Iran 2025

[SMM ESS] DC Side Prices Remain Stable

This week, the prices of DC-side battery cabins remained stable overall. PetroChina's centralised procurement project announced the winning bid result. On January ...

The standalone energy storage market in India , IEEFA

Standalone Energy Storage Systems (ESS) are rapidly emerging as a key market, with 6.1 gigawatts of tenders issued in the first quarter of 2025 alone, accounting for 64% of the total utility-scale energy storage ...

China's Huadian announces winners in 6 GWh BESS ...

The procurement exercise has attracted 67 battery energy storage companies but only six have emerged as winners. The average bid stood at CNY 0.473/Wh (\$65/kWh).
