

Successful bid price of residential solar battery project in Oman 2026

Overview

Oman launches tender for 500-MW Ibri III Solar PV IPP, with a submission deadline of February 19. The project is estimated to cost OMR 155 million and is expected to be operational by Q4 2026.

Oman launches tender for 500-MW Ibri III Solar PV IPP, with a submission deadline of February 19. The project is estimated to cost OMR 155 million and is expected to be operational by Q4 2026.

Oman's Nama Power and Water Procurement Company (PWP) has announced that four energy companies are in the final stage of bidding for the 500-megawatt (MW) Ibri III Solar Independent Power Project (IPP). The shortlisted companies are Masdar from Abu Dhabi, Acwa Power from Saudi Arabia, EDF.

Oman launches tender for 500-MW Ibri III Solar PV IPP, with a submission deadline of February 19. The project is estimated to cost OMR 155 million and is expected to be operational by Q4 2026. Oman has launched a tender for the development of the 500-MW Ibri III Solar PV IPP, the next large-scale.

Nama Power & Water Procurement, Oman announces the list of bidders who submitted bids for the development of Ibri III Solar IPP, in Ibri in Al Dhahirah Governorate. The company has announced in January 2024 the request for qualification tender with the project capacity of 500 MW and estimated.

Oman has selected nine prequalified applicants for the development of the 500-MW Ibri III solar power project with an estimated investment of OMR 155 million (USD 402m/EUR 377m). Nama Power and Water Procurement (PWP), the sole offtaker of electricity from independent power plants in Oman, on.

Oman's Nama Power and Water Procurement Co. received four bids from companies and consortia looking to develop the 500 MW solar project in Ibri, northwestern Oman. Image: Ahmed Nasser, Unsplash. Oman's Nama Power and Water Procurement Co. (PWP) has announced the companies and consortia that.

Oman's Nama Power and Water Procurement Company has revealed the list of companies that have officially submitted bids for the 500 MW Ibri III Solar Project, to be located in Al Dhahirah Governorate. The 4 bidders listed include the consortium of Abu Dhabi Future Energy Company (Masdar), Korea. Which companies have submitted bids for Ibri III solar project?

Oman's Nama Power and Water Procurement Company has revealed the list of companies that have officially submitted bids for the 500 MW Ibri III Solar Project, to be located in Al Dhahirah Governorate. The 4 bidders listed include the consortium of Abu Dhabi Future Energy Company (Masdar), Korea Midland Power (KOMIPO), and Al Khadra Partners.

Why did the Sultanate of Oman buy a solar project?

The Company earlier notified that, the procurement of this solar project is part of the Sultanate of Oman's government policy to diversify energy resources to meet the growing demand for electricity.

How many MW of solar is installed in Oman?

According to the International Renewable Energy Agency (IRENA), Oman had installed 672 MW of solar by the end of 2023. Towards the end of last year, Sembcorp Utilities began commercial operations at a 588 MW solar plant in northeastern Oman more than four months ahead of schedule. A 20-year power purchase agreement is in place with PWP.

Which energy companies are preparing a bid for a solar power plant?

A consortium of Abu Dhabi Future Energy Company (Masdar), Korea Midland Power (KOMIPO) and Al Khadra Partners makes up the first listed bid, while a partnership between ACWA Power and TotalEnergies Renewables forms the second bid.

How much does the IBRI III solar project cost?

The Ibri III solar project, with an estimated project cost of OMR 155 million (\$402.6 million), has a scheduled completion date of the first quarter of 2027. It will be located alongside the existing 500 MW Ibri II solar project, which was inaugurated in January 2022 after a 13-month construction period.
