Muscat: Located in Muscat, the Oman Convention and Exhibition Centre (OCEC) has officially launched its solar rooftop initiative in partnership with TotalEnergies Renewables Distributed Generation Middle East & Africa, supported by the OMRAN Group. Since early 2025, the project has been.

Commissioned by TotalEnergies, the solar project is now fully operational and powering the venue with clean solar energy since early 2025. The first major roof-top solar project for corporate needs was officially launched on Wednesday, marking a massive leap towards sustainability, at the Oman.

8,300 solar panels are now generating 25% of OCEC's energy needs. The Oman Convention and Exhibition Centre (OCEC) has officially commissioned its solar rooftop project. The system has been fully operational since early 2025 and is now supplying clean energy to the venue. The project was developed.

Muscat, April 23, 2025 - The Oman Convention and Exhibition Centre (OCEC) based in Muscat, in collaboration with TotalEnergies Renewables Distributed Generation Middle East & Africa and with the support of OMRAN Group, has officially commissioned its solar rooftop project, now fully operational and.

The Oman Convention and Exhibition Centre (OCEC) based in Muscat, in collaboration with TotalEnergies Renewables Distributed Generation Middle East & Africa and with the support of OMRAN Group, has officially commissioned its solar rooftop project, now fully operational and powering the venue with. How many MW of solar is installed in Oman?

According to the International Renewable Energy Agency (IRENA), Oman had installed 672 MW of solar by the end of 2023. Towards the end of last year, Sembcorp Utilities began commercial operations at a 588 MW solar plant in northeastern Oman more than four months ahead of schedule. A 20-year power purchase agreement is in place with PWP.

Which energy companies are preparing a bid for a solar power plant?

A consortium of Abu Dhabi Future Energy Company (Masdar), Korea Midland Power (KOMIPO) and Al Khadra Partners makes up the first listed bid, while a partnership between ACWA Power and TotalEnergies Renewables forms the second bid.

When is PWP launching a solar project?

PWP kicked off the tender in January 2024. It received twelve submissions from local and international developers, with nine applications qualifying to submit proposals in June last year. The Ibri III solar project, with an estimated project cost of OMR 155 million (\$402.6 million), has a scheduled completion date of the first quarter of 2027.
