

Successful bid price of wind solar storage project in Egypt 2026

Overview

Scatec, a renewable energy solutions provider, has secured \$479.1 million of non-recourse project financing to develop the Obelisk hybrid solar and battery storage project located in Egypt.

Scatec, a renewable energy solutions provider, has secured \$479.1 million of non-recourse project financing to develop the Obelisk hybrid solar and battery storage project located in Egypt.

Norway's Scatec ASA (OSL:SCATC) has unveiled major deals for two of its projects in Egypt -- the financial close for its Obelisk solar-storage scheme and a power off-take contract for the future 900-MW Shadwan wind farm. Image by: Scatec via LinkedIn. The two agreements were signed during the.

By 2026, Egypt plans to add 12 gigawatts of renewable energy, with a focus on wind and solar power. The government has secured \$3.5 billion in investments for wind projects and plans to install 5.6 GW of solar energy. These projects aim to increase renewable energy's share in the national grid to.

Oslo/Cairo, 15 June 2025: Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The non-recourse project financing comprises USD 479.1 million provided by the European Bank for Reconstruction and Development (EBRD), African Development Bank.

Cairo is redrawing the map of its energy future with a USD 1.6 billion (EGP 79.36 billion) handshake sealed with Norwegian developer Scatec to build a 1 gigawatt (GW) solar plant and a wind energy project, beginning an ambitious push toward shedding its reliance on natural gas and embracing the.

The European Bank for Reconstruction and Development (EBRD), the African Development Bank (AfDB), and British International Investment (BII) have jointly committed US\$479.1 million to support the development of Egypt's largest integrated solar and battery energy storage project to date. The funding.

Scatec ASA has reached financial close for the “Obelisk” hybrid solar and battery storage project in Egypt. The non-recourse project financing comprises USD 479.1 million provided by the European Bank for Reconstruction and Development (EBRD), African Development Bank (AfDB), and British.

Successful bid price of wind solar storage project in Egypt 2026

Germany: 400MW+ of solar-storage projects win ...

The contracts provide an additional premium in EUR/kWh to winning projects for energy discharged to the market. Prices for the successful bids range from EUR0.0776/kWh to EUR0.0878 ct/kWh with an average price of ...

Scatec ASA inks PPA for 900 MW onshore wind project in Egypt

Earlier in May 2025, Scatec ASA commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The project will be constructed in ...
