

Yinlong container energy storage system

Overview

Where is Yinlong energy based?

Yinlong Energy provides energy storage, electric transportation, and electric charger systems. This is the regional office of Yinlong Energy - China and are based at the Jebel Ali Free zone in Dubai.

What does Yinlong energy do?

Yinlong Energy's mission is to drive global new energy technology by providing LTO battery, LTO storage, and LTO transportation solutions that support economic development while protecting the environment. As a result, the company has been recognised with multiple awards and is considered one of the world's top 500 energy companies.

How long do Yinlong LTO batteries last?

The fast-charging Yinlong LTO battery cells can operate under extreme temperature conditions safely. These Lithium-Titanate-Oxide batteries have an operational life-span of up to 30 years thereby making it a very cost-effective energy solution.
